Farnborough Air Show 2026

Director Pietro Batacchi analyzes the main developments and trends that emerged at the FARNBOROUGH air show, held July 20-24. GCAP, drones, and missiles took center stage at the exhibition, but other noteworthy insights also emerged.

Avio Aero 
a GE Aerospace company

Drones, GCAP, and Helicopters: Avio Aero Looks to the Future

From GCAP propulsion to unmanned platforms, from EDF (European Defence Fund) programs to helicopter propulsion: a comprehensive update on Avio Aero with Massimo Castorina, Sales, Strategy and Marketing Vice President.

The Beretta APX AI TACTICAL Pistol

Description and review of the latest addition to Beretta's APX family: the suppressor-ready variant designed specifically for Special Forces.

In Bulgaria with the Italian-Led NATO Battle Group

A report from our correspondent in Bulgaria on NATO exercise ALLIANCE WALL 2026, held in early July under the leadership of the Italian Battle Group. For two weeks, units from 11 countries — Albania, Bulgaria, France, Greece, Italy, Montenegro, North Macedonia, Poland, Romania, Spain, and the United States — operated jointly to test cooperation and interoperability capabilities in complex, high-intensity conventional scenarios.
